Neuropathy Update 3

III seminar o neuropatijama sa međunarodnim učešćem

Fokus na hereditetu

Vreme održavanja:
23-24.09.2022.

Mesto održavanja:
Envoy Conference Center, Gospodar Jevremova 47, Beograd

Organizatori sastanka:

- Klinika za neurologiju, Univerzitetski klinički centar Srbije
- Medicinski fakultet, Univerzitet u Beogradu
- Srpsko udruženje za periferni nervni sistem (SUPNS) Društva neurologa Srbije

Kontakt sa lokalnim organizacionim odborom i agencijom:

- stojanperic@gmail.com
- astraoffice@astratravel.rs

Registracija:

Od 23.05.2022. do početka Simpozijuma za sve učesnike će se sprovesti onlajn registracija putem linka: <http://astratravel.rs/neuropathyupdate.php>. Kotizacija je besplatna. Broj mesta je ograničen.

Jezik skupa je engleski.

Akreditacija:

Simpozijum je akreditovan od strane Zdravstvenog saveta Srbije. Predavači će dobiti 14, a slušaoci 7 KME bodova. Sertifikate za učešće na Simpozijumu učesnici će dobiti nakon završetka Simpozijuma.

Naučni odbor

- Prof. dr David Cornblath, Johns Hopkins School of Medicine, Baltimore, SAD
- Prof. dr Eduardo Nobile-Orazio, IRCCS Istituto Clinico Humanitas, University of Milan, Milano, Italija
- Prof. dr Ranko Raičević, Klinika za neurologiju, Vojnomedicinska akademija, Beograd, Srbija
- Prof. dr Dragoslav Sokić, Klinika za neurologiju UKCS, Medicinski fakultet, Beograd, Srbija
- Prof. dr Zorica Stević, Klinika za neurologiju UKCS, Medicinski fakultet, Beograd, Srbija
- Prof. dr Dragana Lavrnjić, Klinika za neurologiju UKCS, Medicinski fakultet, Beograd, Srbija
- Prof. dr Vidosava Rakočević Stojanović, Klinika za neurologiju UKCS, Medicinski fakultet, Beograd, Srbija
- Doc. dr Ivana Basta, Klinika za neurologiju UKCS, Medicinski fakultet Beograd, Srbija

Organizacioni odbor

- Prof. dr Zorica Stević
- Doc. dr Ivana Basta
- Assist. dr sc. med. Stojan Perić

Guest Lecturers

Prof. David R. Cornblath
Johns Hopkins Medicine
Baltimore, USA

Prof. Eduardo Nobile-Orazio
Humanitas Research Hospital, University of Milan
Milan, Italy

Prof. Davide Pareyson
Istituto Besta, University of Milan
Milan, Italy

Prof. Catharina Faber
Maastricht University
Maastricht, The Netherlands

Prof. Yusuf Rajabally
Aston University, University Hospitals of Birmingham
Birmingham, UK

Dr Filip Eftimov
Amsterdam University Medical Center
Amsterdam, The Netherlands

Dr Jeffrey Allen
University of Minnesota
Minneapolis, USA

NEUROPATHY UPDATE 3 – FOCUS ON HEREDITY

September 23-24, 2022

Envoy Conference Center, Gospodar Jevremova 47

Belgrade, Serbia

DAY 1

session 1 (moderators: Zorica Stevic, David Cornblath)

09.00-09.30h: **New EAN/PNS GBS diagnostic criteria** – David Cornblath (Baltimore, USA)

09.30-10.00h: **New EAN/PNS CIDP diagnostic criteria** – Eduardo Nobile-Orazio (Milan, Italy)

Coffee break

session 2 (moderators: Vidosava Rakocevic Stojanovic, Yusuf Rajabally)

10.15-10.35h: **Differential diagnosis of inflammatory and hereditary neuropathies** – Yusuf Rajabally (Birmingham, UK)

10.35-10.55h: **Genetics in GBS and CIDP** – Emina Milosevic (Belgrade, Serbia)

Break

session 3 (moderators: Eduardo Nobile-Orazio, Ivana Basta)

11.10-11.30h: **Misdiagnosis of CIDP** – Jeffrey Allen (Minneapolis, USA)

11.30-11.50h: **Misdiagnosis of CIDP in Serbia** – Ivana Basta (Belgrade, Serbia)

11.50-12.10h: **CIDP and diabetes - association and misdiagnosis** – Stojan Peric (Belgrade, Serbia)

12.10-13.30h: Lunch break

session 4 (moderators: Jeffrey Allen, Filip Eftimov)

13.30-15.00h: **Interesting cases of inflammatory neuropathies** – young presenters, panel discussion

Typical CIDP – Milica Vukojevic (Belgrade, Serbia)

Atypical CIDP – Ivo Bozovic (Belgrade, Serbia)

What is behind pseudoatohesosis? – Nikola Momcilovic (Belgrade, Serbia)

session 5 (moderators: Dragana Lavrnjic, Yusuf Rajabally)

15.00-15.20h: **CIDP, COVID-19 and vaccines** – Filip Eftimov (Amsterdam, The Netherlands)

15.20-15.40h: **GBS, COVID-19 and vaccines** – Eduardo Nobile-Orazio (Milan, Italy)

Coffee break

session 6 (moderators: Eduardo Nobile-Orazio, Filip Eftimov)

16.00-16.30h: **Pathogenesis of neuropathic pain and its genetic basis** – Catharina Faber (Maastricht, The Netherlands)

16.30-16.45h: **What did we learn today?**

DAY 2

session 1 (moderators: Vidosava Rakocevic Stojanovic, Davide Pareyson)

10.00-10.30h: **Approach to diagnosis of Charcot-Marie-Tooth disease** – Davide Pareyson (Milan, Italy)

10.30-10.50h: **Genetics of Charcot-Marie-Tooth disease** – Milica Keckarevic Markovic (Belgrade, Serbia)

10.50-11.10h: **Genetic and phenotypic heterogeneity of CMT patients in Serbia** – Stojan Peric (Belgrade, Serbia)

11.10-11.30h: **Hereditary neuropathy with liability to pressure palsies** – Zorica Stevic (Belgrade, Serbia)

Break

session 2 (moderators: Davide Pareyson, Stojan Peric)

11.45-13.00h: **Interesting cases of hereditary neuropathies** - young presenters, panel discussion

Long journey of discovering new neuropathy – Vukan Ivanovic (Belgrade, Serbia)

An example of phenotypic divergence – Aleksa Palibrk (Belgrade, Serbia)

Hereditary neuropathy with multisystemic features – Ivo Bozovic (Belgrade, Serbia)

13.00-14.00h: Lunch break

session 3 (moderators: Dragana Lavrnjic, Zorica Stevic)

14.00-14.20h: **Transthyretin amyloidosis** – Zorica Stevic (Belgrade, Serbia)

14.20-14.40h: **Cardiac involvement in wild-type and hereditary transthyretin amyloidosis** – Ivana Veljic (Belgrade, Serbia)

14.40-15.00h: **Therapy of transthyretin amyloidosis** – Davide Pareyson (Milan, Italy)

Break

15.10-15.30h: **What did we learn today?**
